Technology Snorri Sigurdsson, Iceland

A new homepage

A new NJF homepage was launched in June. Some functions are still under development such as a function to access all former NJF-reports and other publications will soon be ready. NJF has also account on Facebook and LinkedIn. The homepage is linked to the seminar administrative system at www.dinkurs.se available in English, Danish and Swedish. Seminar secretaries, board members and section leaders will be given access to edit the homepage.

Seminar plans for 2016:

No	Section	Title	Date and place
486	Plants	Novel methods for circulating plant nutrients – consequences for fertilizer value and soil fertility	15-16 September Kaunas, Lithuania
489		Challenges for the new rurality in a changing world. 7th International Conference on Localized Agri-food Systems	8-9 May Stockholm, Sweden
490	Plants	Nordic Agrifood Expertise for Development	22 January Helsinki, Finland
491	Plants	16th Herbage seed production seminar	20-22 June Grimstad, Norway
xxx	Technology	Advances and Innovations in Agricultural Engineering. 2nd NJF-Agromek joint seminar	27-28 November Herning, Danmark
